TIP OF THE DAY

At the end of the fasting month of *Ramadhan*, the Indonesian Muslims celebrate *Lebaran* or *Idul Fitri*. *Lebaran* or *Idul Fitri* is a national holiday, where it is customary for many Indonesian people to "mudik" or to travel to their places of origin to see parents, grandparents, families and old acquaintances. In places such as Java, *mudik* and *Lebaran* had become a part of the culture and thus generally apply to everybody regardless of their religion.

Describe Holidays

Exercise 1 (Pair Work)

A. Your instructor will model the following conversation for you. Then, practice the conversation with your partner and take turns. After that, answer the questions that follow based on the conversation.

Anton: Halo, Siti. Apa kabar?

Siti: Kabar baik terima kasih.

Anton: Aku ingin mengucapkan Selamat Idul Fitri. Mohon maaf lahir dan batin.

Siti: Aku juga, Ton. Kalau ada kesalahan yang sengaja atau tidak sengaja aku lakukan, tolong dimaafkan.

Anton: Sama sama, Siti.

Siti: Oh, ya. Beberapa hari lalu Hari Natal, ya. Aku juga mau mengucapkan Selamat Hari Natal kepadamu. Semoga damai sejahtera selalu bersamamu.

Anton: Terima kasih, Siti.

Siti: Bagus sekali, ya? Tahun ini kita merayakan Hari Natal dan Hari Idul Fitri bersama-sama.

Anton: Ya, jaraknya dekat sekali. Aku merayakan Natal pada tanggal 25 Desember dan kalian umat Muslim merayakan Idul Fitri pada tanggal 27 Desember.

Siti: Setiap tahun kita merayakan Idul Fitri berbeda-beda.

Anton: Mengapa bisa begitu?

Siti: Hari Idul Fitri berdasar pada kalender Islam, tidak berdasar pada kalender internasional. Setiap tahun perayaan Idul Fitri mundur sekitar sepuluh hari. Contohnya, tahun lalu kita merayakan Idul Fitri pada tanggal 7 Januari.

Anton: Jadi tahun depan kalian akan merayakan Idul Fitri sekitar tanggal 16 Desember?

Siti: Betul sekali.

A. Imagine that today is March 28, 2006. One student pretend to be a Hindu friend of the other student. Come up with a name for the Hindu person. Go to Module 1 Lesson 2 if you need a reference for the names. Talk about the coming holiday and offer appropriate wishes. Switch roles.

C. Imagine that today is October 24, 2006. One student pretend to be a Muslim friend of the other student. Come up with a name for the Muslim person. Talk about the holiday and offer appropriate wishes. You may Switch roles.

TIP OF THE DAY

Most Indonesian national holidays are religious. The examples are *Idul Fitri* or *Lebaran* (Muslim), *Natal* (Christian), *Nyepi Saka* (Hindu), and *Waisak* (Buddhist). Since these are national holidays, they apply for the whole country; offices would be closed and schools would not be in session. Depending on where you are in the country during these days, businesses might not be open also, unless they have to by order of the government.. For instance, gas stations would be open during holidays.

Exercise 4 (Pair Work)

Read the following explanations regarding various salutations. Get the general meaning of the text and practice the salutation. Share your findings with the rest of the class.

"**Assalamualaikum warahmatullahi wabarakatuh** berarti keselamatan dan kesejahteraan besertamu. Ketika orang mengucapkan ini dalam pertemuan formal, maka peserta pertemuan bersama-sama menjawab **Walaikumsalam warahmatullahi wabarakatuh**. Biasanya orang Muslim yang menggunakan salam ini untuk membuka pembicaraan di depan umum. Untuk menutup pembicaraan itu, yang dipakai adalah **wassalam**, atau panjangannya **wassalamualaikum warahmatullahi wabarakatuh**. Jawabannya sama".

"**Namo Buddhaya** berarti "terpujilah semua Buddha". Salam ini dipakai oleh orang Buddha untuk membuka pembicaraan di depan umum. Salam dipakai juga ketika menulis surat".

"Agama Hindu mengajarkan salam persaudaraan (panganjali) dengan ucapan **Om Swastyastu**. Pada waktu mengucapkan salam, kedua tangan ditangkupkan di depan dada dengan ujung jari mengarah ke atas, tetapi kalau keadaan tidak memungkinkan, sikap ini boleh tidak dilakukan. Yang menerima salam seyogyanya memberikan jawaban dengan ucapan **Om Swastyastu** dengan sikap yang sama pula. Arti salam ini adalah **Semoga Selamat Atas Rahmat Tuhan Yang Maha Esa**. Khusus dalam mengakhiri suatu kegiatan, dapat juga dipakai "**Om, Santi, Santi, Santi, Om**" yang artinya semoga damai".

Exercise 5 (Class Work)

Indonesians spend most holidays with their families. They go to the zoo, amusement parks, beach, or visit their relatives.

Request Information on Specific Activities

Exercise 6 (Pair Work)

Read the following passage about Indonesian holidays, and then answer the questions.

Hari Raya Nyepi adalah hari pergantian tahun Saka yang dirayakan setiap satu tahun sekali menurut kalender Hindu.

Kegiatan dalam menyambut Hari Raya Nyepi ini ada dua macam yaitu:

1. Sehari sebelum hari raya Nyepi, tepat pada bulan mati, dilaksanakan upacara Bhuta Yadnya.
2. Pada hari raya Nyepi yaitu awal tahun baru Saka dilaksanakan upacara Yoga Samadhi.

Ada empat pantangan yang wajib diikuti pada saat hari raya Nyepi, disebut Catur Berata Penyepian, yaitu:

- 1 Amati Geni: berpantang menyalaikan api
- 2 Amati Karya: menghentikan aktivitas kerja
- 3 Amati Lelanguan: berpantang menghibur diri/menghentikan kesenangan
- 4 Amati Lelungan: berpantang bepergian

Dalam kesenyapan hari suci Nyepi ini kita melakukan introspeksi diri, menyatukan pikiran, menuju penemuan arti keberadaan diri kita dan inti sari kehidupan. Keesokan harinya yaitu hari raya Ngembak Geni, segenap isi rumah keluar rumah dan bermaaf-maafan dengan keluarga dan tetangga yang ditemui.

Questions:

1. Apakah nama hari besar yang dibicarakan di bacaan di atas?

2. Siapa yang merayakan Hari Raya Nyepi?

3. Apa hal yang tidak boleh dilakukan selama Hari Raya Nyepi?

4. Apa yang dilakukan selama Hari Raya Nyepi?

5. Apa yang dilakukan setelah nyepi berakhir?

TIP OF THE DAY

Still in many Indonesian communities, work, leisure and beliefs are not completely separate domains as in the modern urban West. For example in rural farming areas in Java, the planting of the rice fields is a community event and a celebration at the same time. The women would compete to see who can finish their rows of rice plants the fastest. There would be a community prayer to God, and food will be served to whoever joins the festivities. Offerings would be made to the spirits such as "*Dewi Sri*", the rice goddess from Java's Hindu past. (*Dewi Sri* is still the most important goddess in the Hindu island of Bali). Tourism is an urban upper middle to upper class phenomenon.

Exercise 7 (Pair Work)

Share your description with the rest of the class. Your classmates will be urged to ask questions.

B. Create a conversation between you to determine which activity you would like to do this coming weekend. Practice the conversation. Be ready to present your conversation in front of the class.

REVIEW OF PAST AND FUTURE TENSE

Past Tense

Indonesian language is very different from English in its tense form. There is no change of verb to form the past tense. You only add adverbs of time that show that the sentences you make are in the past. Below is an example.

Aku pergi ke Solo kemarin.

Kamu seharusnya pergi ke rumah Tina dua hari yang lalu.

Dia pergi ke Bali untuk berlibur minggu lalu.

Mereka menonton film "The Lord of The Rings" bulan lalu.

Kami lupa mengucapkan Selamat Natal pada keluarga Kris tahun lalu.

Below is a table consisting of adverbs of time that show the past tense

Adverb of time (past)	Translation
<i>kemarin</i>	yesterday
<i>kemarin lusa</i>	the day before yesterday
<i>dua hari yang lalu</i>	two days ago
<i>minggu lalu</i>	last week
<i>bulan lalu</i>	last month
<i>tahun lalu</i>	last year
<i>tiga tahun yang lalu</i>	three years ago
<i>dulu</i>	a long time ago

The adverb of time can be placed either in the beginning of sentences or in the end.

Example:

Mereka pergi memancing kemarin.

Kemarin mereka pergi memancing.

Future Tense

The same rule applies for the future tense. You just need to put *akan* and adverbs of time to form the future tense. See an example of sentences below:

Aku akan mengerjakan tugas itu nanti.

Aku akan mengajak dia ke restoran besok.

Kamu akan mendapat hadiah dari ayah besok lusa.

Dia akan pergi ke America minggu depan.

Mereka akan memberi ucapan pada keluarga Sastro bulan depan.

Aku akan belajar di universitas tahun depan.

Below is a table consisting adverbs of time that show future tense.

Adverbs of time (future)	Translation
<i>nanti</i>	later
<i>besok</i>	tomorrow
<i>besok lusa</i>	the day after tomorrow
<i>minggu depan</i>	next week
<i>bulan depan</i>	next month
<i>tahun depan</i>	next year

The adverb of time can be placed either in the beginning of sentences or in the end.

Example:

Mereka akan pergi berlibur ke Bali minggu depan.

Minggu depan mereka akan pergi berlibur ke Bali.

Every August 17, Indonesians celebrate their independence. There are many activities held to commemorate this day. Formal ceremonies are carried out in government offices, schools, and public places. Flags are raised during the ceremonies. The main ceremony is held in Istana Negara, hosted by the President of Indonesia.

Independence Day is famous and celebrated with many traditional games such as: Makan Krupuk (eating crackers hung on a string) and Panjat Pinang (A slippery wooden pillar with various prizes on the top of it. The contestants must work in a group to earn the prizes), Sepak Bola Sarung (a soccer game but the players must wear a sarong), Perang Bantal (pillow fight while sitting on bamboo above the river), Tarik Tambang (tug and war competition) and lomba perahu panjang (long boat competition), etc.

Hari Raya Idul Fitri untuk umat Islam juga disebut dengan Hari Lebaran. Disamping orang saling meminta dan memberi maaf, mengunjungi keluarga, dan pergi ke makam, ada tradisi lain yang dilakukan yaitu, saling memberi paket Lebaran. Ada macam-macam paket Lebaran, yaitu: paket makanan, paket kosmetik, paket alat makan, paket pakaian, paket elektronik, dan lain sebagainya. Paket Lebaran ini biasanya disusun dengan rapi dan cantik disebuah keranjang, kemudian dihiasi dengan pita warna-warni. Paket-paket ini biasanya dikirim 5 hari sebelum Lebaran tiba, biasanya disertai kartu ucapan “Selamat Hari Raya Idul Fitri, Mohon Maaf Lahir dan Batin.” Akhir-akhir ini, paket Lebaran menjadi bisnis yang sangat menguntungkan.

Questions:

1. Apa nama lain untuk hari Lebaran?

Activity 1 (Pair Work)

Read the following passage, and then answer the questions. After you are done answering the questions, compare them with your partner. Discuss the answer with him/her.

Tahun Baru Cina dirayakan pada hari diantara 17 Januari dan 19 Februari pada saat bulan baru yang disebut Yuan Tan. Tahun Baru Cina ini dirayakan oleh seluruh orang Cina yang ada didunia. Festifal cahaya biasanya mewarnai perayaan Tahun Baru Cina ini. Orang Cina percaya bahwa pada Tahun Baru Cina banyak iblis yang datang, oleh karena itu mereka menyalaikan mercon untuk menakuti para iblis itu.

Pada masa Orde Lama dan Orde Baru, orang Cina di Indonesia tidak boleh merayakan Tahun Baru Cina. Setelah Presiden Abdul Rahman Wahid menghapus Instruksi Presiden No. 14 Tahun 1967 dengan Keputusan Presiden No. 6 Tahun 2000, orang Cina di Indonesia kembali merayakan Tahun Baru Cina dengan bebas. Mereka bisa merayakannya dengan tarian Barongsai dan lain sebagainya. Kalau dulu sesuatu yang berkaitan dengan Tionghoa/Cina tabu, sekarang menjadi primadona. Dulu, produk Cina dilarang untuk masuk Indonesia, sekarang ini ternyata menjadi pilihan masyarakat. Sebab, selain harganya lebih murah mutunya tidak terlalu buruk.

Jika 10 tahun lalu pasar sepeda motor di Indonesia dikuasai produk Jepang dengan presentase sekitar 99 persen, sekarang ini di jalan raya mulai terlihat produk Cina seperti: Jialing, Qingqi, Jincheng, dan merek-merek lainnya. Sedikit demi sedikit, sepeda motor produk Cina ini berhasil merebut pasar di negeri ini.

Questions:

1. What can you conclude from paragraph 1?

2. Why did the Indonesian government ban the Chinese from Celebrating Chinese New Year?

3. What is the impact of the President's decision to eliminate the regulation for banning the Chinese in celebrating any Chinese traditions?

-
4. Explain in your own words about the economic impacts.
